

ANIMAL MANAGEMENT SUBJECT GUIDE

BOOKS

Books are classified using the Dewey Decimal Classification system making it easier for us to organise related subjects together on the shelves. This in turn makes it easier for you to find the book you need.

Not all books relevant to your course will be located in just one area, so you may have to look around the library to find what you need.

Below is a selection of class numbers that will be of relevance to you:

Ethics	170—179
Chemistry	540—547
Biology	570—579
Zoology	590
Birds	598
	636.68
Wildlife	636.083
Animal nutrition	636.084
Veterinary nursing	636.089
Animal care	636.1—639.39

EBOOKS
