

CONSTRUCTION SUBJECT GUIDE

BOOKS

Books are classified using the Dewey Decimal Classification system making it easier for us to organise related subjects together on the shelves. This in turn makes it easier for you to find the book you need.

Not all books relevant to your course will be located in just one area, so you may have to look around the library to find what you need.

Below is a selection of class numbers that will be of relevance to you:

Health & safety	331.82
Surveying	526.9
Electrical installation	621.31924
Construction	690
Bricklaying	693.2
Plastering	693.6
Carpentry & joinery	694
Roofing	695
Plumbing	696
Painting & decorating	698

EBOOKS
