

CHILDCARE SUBJECT GUIDE

BOOKS

Books are classified using the Dewey Decimal Classification system making it easier for us to organise related subjects together on the shelves. This in turn makes it easier for you to find the book you need.

Not all books relevant to your course will be located in just one area, so you may have to look around the library to find what you need.

Below is a selection of class numbers that will be of relevance to you:

Child development	155.4
Sociology of the family	306.85
Child welfare & safeguarding	362.7
Primary education	362.7
Child health	618.92
Childcare	649.1
Child nutrition	649.3
