

HOSPITALITY & CATERING SUBJECT GUIDE

BOOKS

Books are classified using the Dewey Decimal Classification system making it easier for us to organise related subjects together on the shelves. This in turn makes it easier for you to find the book you need.

Not all books relevant to your course will be located in just one area, so you may have to look around the library to find what you need.

Below is a selection of class numbers that will be of relevance to you:

Food science	613.2
Food hygiene	613.5
Food safety	614.3
Cookery	641.5
Desserts & pastries	641.8
Food service	642
Running your own catering company	642.47
Catering theory	647.95
Customer care	658.812
Hotel & restaurant design	725.71
